

DNPT EXECUTIVE BOARD MEETING 08/10/2008

START: 9:10PM END: 10:00PM

- ANPA agreed to integrate their database with DNPT's. The password would be available only to members of the executive board and it cannot be misused under any circumstance. Lanre would inform the e-board as soon as it is set up.
- E-board members have collectively agreed to allow DNPT members outside the e-board to participate in our teleconferences. It would be an opportunity for them to be involved and gain some insight into our plans for the organization. There would be restrictions placed on the number of individuals allowed at a given time. This would be decided prior to the conference meetings.
- Currently, we are yet to make progress in recruiting a resident willing to represent DNPT as well as ANPA. The E-board members are challenged to recruit one resident per week. There would be a prize awarded to whoever is able to recruit the most residents.
- Nene is responsible for contacting leadership of the medical student organizations in Nigeria. The idea is to pass on information about DNPT to their student body and they are welcome to join the facebook group or fill out our membership forms. Anyone with contacts should please forward them to Nene.
- Lanre, Nene and Tunbi need to contact Dr Fiemu Nwariaku in order to work on establishing contacts at University programs in Nigerian Medical Schools. The goal is to establish clinical clerkships that would be recognized by Medical Institutions in America.
- The goal of the mission's trip committee is to be the center for any mission trip to Nigeria. Need to contact Morayo for details on how to accomplish this.
- Ezinne is to work on capitalizing on interview season as this would be a great way to establish the pre-med membership. Need to contact pre-med members at numerous institutions and find out where students are interviewing e.t.c. Members of the E-board should try to reach out to their colleges for students currently applying to medical schools and forward contacts to Ezinne.
- Ezinne is about to participate in a mission trip to Nigeria. Needs to contact Steve on how to put up information (pictures and events) on the website for accessibility by members.
- Lanre has established contact with Seun Alabi, a medical student at Poland, who has promised to establish DNPT in Poland.
- The invitation letter to join DNPT would be sent out by Ujuka at the end of the month.
- The E-board has decided to set up a reminder using facebook or Google to send out birthday greetings to members of DNPT.
- The E-board has made a decision to put all minutes from teleconferences on the website for accessibility by the DNPT members.
- Next teleconference is scheduled for September 14th 2008 and subsequent meetings would occur on the 2nd Sunday of every month.
